2020-2021

**Simplicity is fast.
Practice is faster.**

Since 1994, BCA has been laser-focused on saving lives through reliable, easy-to-use products and consumer education. By keeping it simple when you're under stress, you increase your chances of a successful live recovery. But even the most intuitive device requires training and practice.

The difference between a Tracker and another transceiver is negligible compared to the difference between practicing and not practicing. As any avalanche instructor will tell you, the best beacon is the one you know how to use. And this translates to shovels, probes, airbags, and radios.

There's a reason we're the best selling backcountry brand in North America: simplicity. But that's only half the equation: the other half is up to you.

MTNPRO

COLLECTION

ARMOR UP.

Designed for high-performance mountain riding, the MtnPro™ lineup offers full protection to the chest, ribs, and back—now includes our Float 2.0 airbag system. Our MtnPro Tunnel Bag enhances safety and performance by accessibly storing those items you might need in an emergency, but that you don't need on your back.

FLOAT MTNPRO™ VEST

Gearing up is easy with this all-in-one, lightweight breathable protective vest featuring built-in integration with transceiver and BC Link radio. Now available with compact, lightweight Float 2.0 inflation system. Integrated low profile pack carries avalanche gear and a few other essentials. Full front, side and back protection with 1 mm of hard shell sandwiched between two layers of PE foam. Oval "ergo" trigger is less likely to snag on trees than round or T-shaped handles. Cylinders are sold separately.

- Six percent lighter than previous Float MtnPro Vest models
- Mesh material and perforated armor for increased ventilation
- Three sizes available: S, M/L and XL/XXL
- Main compartment has internal tool pocket for shovel and probe
- External shovel carry pocket
- Shovel shaft quick lock attachment
- Zipper access for trigger/BC Link radio or hydration system
- Compression straps
- (Two) large gusseted front pockets
- Accessory pocket
- D-ring loop for attaching kill switch tether

Pack volume	915 cubic inches / 15 liters (S)
	1,220 cubic inches / 20 liters (M/L and XL/XXL)
Weight	7.3 lb / 3,333 g (S full system with full cylinder)
	8.1 lb / 3,652 g (M/L full system with full cylinder)
	8.3 lb / 3,770 g (XL/XXL full system with full cylinder)
	6.1 lb / 2,775 g (S full system without cylinder)
	6.9 lb / 3,094 g (M/L full system without cylinder)
	7.1 lb / 3,212 g (XL/XXL full system without cylinder)
	4.7 lb / 2,113 g (S vest/pack only)
	5.4 lb / 2,432 g (M/L vest/pack only)
	5.6 lb / 2,550 g (XL/XXL vest/pack only)
Sizes	S, M/L, XL/XXL

Chest Size	32" - 40" / 81 - 102 cm (S)
	38" - 46" / 96.5 - 116.8 cm (M/L)
	46" - 54" / 116.8 - 137.2 cm (XL/XXL)
Colors	Black with neon yellow or red trim

MTNPRO™ TUNNEL BAG

With the MtnPro Tunnel Bag, your extra shovel is accessible and secure—along with all your extra gear for an unexpected night out. This low profile tunnel bag features an exterior shovel carry, two (2) waterproof internal pockets, and multiple mounting options for most snowmobiles. Compatible with Polaris Lock and Ride system. (Linq and Lock and Ride not included. See your dealer) No drilling required for Ski-Doo Linq system or Polaris tunnels.

Bag Volume	1,321 cubic inches / 21 liters
Dimensions	15.5" x 15.5" x 5.5" / 39 cm x 39 cm x 14 cm
Weight	3.4 lb / 1,560 g
Zippers	YKK w/ DWR coating
Material	500 denier polyester w/ PU coating
Color	Black

FLOAT

AVALANCHE AIRBAGS

STAY AFLOAT.

The Float avalanche airbag system is tested and proven to reduce trauma and keep you on the surface during an avalanche. Our cylinder is now half the size of other compressed air systems and fits in the same compartment as the airbag itself—reducing weight and freeing up space in the main compartment.

The Float 2.0 system is not compatible with Float 1.0 cylinders (and vice versa). Patent: #7,878,141
Cylinders are sold separately.

FLOAT™ 15 TURBO

Our technical, low volume airbag pack designed for mountain sledding.

Pack Volume	915 cubic inches / 15 liters (with system)
Weight	6.0 lb / 2,756 g (full system with full cylinder)
	4.8 lb / 2,198 g (full system without cylinder)
	3.4 lb / 1,563 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 19.5" / 44.4 - 49.5 cm
Color	Black/Red/Lime

New BC Link pocket w/ external access to base unit for recharging and channel programming.

New

FLOAT™ 12

Our lowest volume, lowest profile Float pack for small-to-medium torso lengths.

Pack Volume	732 cubic inches / 12 liters (with system)
Weight	6.0 lb / 2,700 g (full system with full cylinder)
	4.7 lb / 2,142 g (full system without cylinder)
	3.3 lb / 1,480 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 19.5" / 44.4 - 49.5 cm
Color	Black/Red

New

FLOAT™ 25 TURBO

Our most technical airbag pack specifically for mountain sledding, with versatility and volume for big days.

Pack Volume	1,525 cubic inches / 25 liters (with system)
Weight	6.4 lb / 2,918 g (full system with full cylinder)
	5.2 lb / 2,360 g (full system without cylinder)
	3.7 lb / 1,698 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)

Zippers	YKK w/ DWR coating
Torso Size	17" - 20" / 43.1 - 50.8 cm
Color	Black/Orange, Lime

New

FLOAT™ 32

Our full-featured pack for dedicated boondockers carrying all the essentials.

Pack Volume	1,952 cubic inches / 32 liters (with system)
Weight	6.4 lb / 2,942 g (full system with full cylinder)
	5.2 lb / 2,366 g (full system without cylinder)
	3.8 lb / 1,704 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 20.5" / 44.4 - 52.1 cm
Color	Black/Lime, Red

FLOAT™ 42

For pros, guides, search-and-rescue teams, and those prepared for long days or overnights.

Pack Volume	2,563 cubic inches / 42 liters (with system)
Weight	7.1 lb / 3,215 g (full system with full cylinder)
	5.9 lb / 2,658 g (full system without cylinder)
	4.4 lb / 1,998 g (pack only)
Materials	210 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	18" - 21" / 45.7 - 53.3 cm
Color	Black/Red

TRACKER

AVALANCHE TRANSCEIVERS

*EASE OF USE
WHEN IT MATTERS MOST.*

Saving lives is what we do best. We invented the digital multi-antenna avalanche transceiver, and now we're making them even more accessible. Our Tracker avalanche transceivers are the most widely used in North America—with a reputation worldwide as the industry benchmark in ease-of-use and simplicity. Tracker4™ upholds the Tracker tradition with an ergonomic, bombproof case for workhorses tough on their gear.

TRACKER

Upgradeable Software/Electronics Fleet Testing	●	●	

New TRACKER4™ Upholding the Tracker tradition.

Tracker avalanche transceivers have long been the fastest, easiest-to-use beacons in the industry. T4 just took it up a notch, with a rubberized overmolded case, larger LED display, and the same Tracker interface that basically makes it impossible not to find your companion. Signal suppression and Big Picture modes for no-nonsense multiple-victim searching. Motion-sensing auto revert-to-transmit mode. Upgradeable software and electronics performance testing for fleet management.

All transceivers include harness and batteries. U.S. patent numbers: 6,167,249 & 6,484,021, B

Weight	~ 7.6 oz / 215 g including batteries, not harness
Dimensions	~ 4.7" x 3.0" x 1.0" / 12 cm x 7.5 cm x 2.6 cm
Frequency	457 kHz
Power supply	Three AAA alkaline batteries
Warranty	5 years limited

TRACKER3™

Tracker’s legendary ease-of-use in a smaller package.

The Tracker3™ has Tracker’s renowned ease of use and instantaneous real-time display. Designed to be “pocket friendly,” T3 is our smallest, thinnest Tracker.

Signal suppression and Big Picture modes for no-nonsense multiple-victim searching. Motion-sensing auto revert-to-transmit mode. Upgradeable software and electronics performance testing for Tracker3 fleet management.

All transceivers include harness and batteries. U.S. patent numbers: 6,167,249 & 6,484,021, B

Weight	7.6 oz / 215 g including batteries, not harness
Dimensions	4.6" x 2.8" x 0.9" / 11.6 cm x 7.1 cm x 2.3 cm
Frequency	457 kHz
Power supply	Three AAA alkaline batteries
Warranty	5 years limited

TRACKER S™

Our streamlined, more affordable version of Tracker3.

All the performance of T3 and T4, without the luxuries of motion-sensing, electronics performance testing, or upgradeable software.

All transceivers include harness and batteries. U.S. patent numbers: 6,167,249 & 6,484,021, B

Weight	7.2 oz / 205 g including batteries, not harness
Dimensions	4.5" x 2.8" x 1.0" / 11.5 cm x 7.1 cm x 2.6 cm
Frequency	457 kHz
Power supply	Three AAA alkaline batteries
Warranty	5 years limited

TRACKER™ PACKAGES

Bundling the essentials makes it a slam-dunk to gear up for your first trip in the backcountry.

T4 RESCUE PACKAGE

Our most advanced rescue package.
Includes: Tracker4, Stealth 270 probe, B-1 EXT shovel.

T3 RESCUE PACKAGE

Our best-selling rescue package.
Includes: Tracker3, Stealth 270 probe, B-1 EXT shovel.

TS RESCUE PACKAGE

Make your dollars go farther, with our streamlined value package.
Includes: Tracker S, Stealth 270 probe, B-1 EXT shovel.

BC Link™

GROUP COMMUNICATION

NEVER ALONE.

Maximize your line—and maximize your safety. Find separated friends, communicate plans, stick your line and share observations in real-time with the BC Link group communication system. The Smart Mic user interface is located at your fingertips: to change settings, no need to dig the radio from your pack. Battery lasts for several days without recharging, even in cold temps.

BC LINK™ 2.0

More durable, more weather resistant, and more style. Smart Mic grill is impervious to packing with snow. On/off/channel selection dial switch is protected from inadvertent channel changing. Stylish industrial design!

- Durable cord/base unit connection
- New battery power percentage display
- New factory reset option on channel pre-sets
- Maximum battery life: up to 40 hours in standby mode
- Average battery life: 8 hours of normal use
- Integrated 2300mAh lithium ion battery, plus charger
- 180 second return-to-standby mode saves airtime and battery power
- Base unit can be clipped to belt or stashed inside backpack

Smart Mic dimensions	3.5" x 2.1" x 1.5" / 9.0 cm x 5.4 cm x 4.0 cm
Base unit dimensions	6.3" x 2.2" x 1.4" / 16 cm x 5.6 cm x 3.5 cm
Weight	11.0 oz / 312 g
Usable range	Approx. 6 miles / 9.5 km line of sight *
Maximum range	Up to 40 miles / 64 km line of sight *
Color	Black
Smart Mic Includes:	Push-to-talk button
	Channel control
	Loudspeaker
	Battery indicator
	Earphone jack

BC LINK™

Our wildly popular, nearly hands-free group communication system designed specifically for backcountry recreation in cold temps. For use with all backpacks, optimized for BCA Float and Stash packs. Extra batteries sold separately. Black available in North America and Europe. Camo available in North America only.

- Maximum battery life: up to 40 hours in standby mode
- Average battery life: 8 hours of normal use
- Rechargeable/removable 2200mAh lithium ion battery, plus charger
- Base unit can be clipped to belt or stashed inside backpack

Smart Mic dimensions	3.3" x 1.8" x 1.0" / 8.0 cm x 4.5 cm x 4.0 cm
Base unit dimensions	6.0" x 2.5" x 2.0" / 15 cm x 6.0 cm x 5.0 cm
Weight	12.0 oz / 340 g
Usable range	Approx. 6 miles / 9.5 km line of sight *
Maximum range	Up to 32 miles / 51 km line of sight *
Color	Black, Camo
Smart Mic Includes:	Push-to-talk button
	Channel control
	Loudspeaker
	Battery indicator
	Earphone jack

*Camo color only available in North America

STEALTH

AVALANCHE PROBES

EVERY SECOND COUNTS.

BCA's updated probes feature large depth-markings that are easy to see when you're performing a rescue or logging a snow profile. Pro-level aluminum models are laser-etched to prevent wear. Our Stealth Quick-Lock hardware creates a smaller bundle when folded up and eliminates loose cables that can whip you in the face when you're furiously probing.

When disassembled, our Stealth probe makes a slightly smaller diameter bundle. That's because the top section nests inside the next section, resulting in one less section in the bundle.

New STEALTH™ 240

Compact, lightweight and economical.

Weight	8.8 oz / 250 g
Extended length	94" / 240 cm
Collapsed length	15.7" / 40 cm
Diameter	43" / 1.1 cm

New STEALTH™ 240 CARBON

The ideal minimalist and lightweight probe.

Weight	7.6 oz / 215 g
Extended length	94" / 240 cm
Collapsed length	15.7" / 40 cm
Diameter	43" / 1.1 cm

New STEALTH™ 270

Our mainstream probe for recreationists.

Weight	10.4 oz / 295 g
Extended length	106" / 270 cm
Collapsed length	17.7" / 45 cm
Diameter	47" / 1.2 cm

New STEALTH™ 300

Our go-to probe for professionals and advanced recreationists. Laser-etched depth markings. Shorter collapsed length now fits in more packs.

Weight	11.6 oz / 330 g
Extended length	118" / 300 cm
Collapsed length	17.0" / 43 cm
Diameter	47" / 1.2 cm

New STEALTH™ 300 CARBON

Long enough for deep snowpacks, but lighter than aluminum.

Weight	10.2 oz / 290 g
Extended length	118" / 300 cm
Collapsed length	17.0" / 43 cm
Diameter	51" / 1.3 cm

New STEALTH™ 330

Our longest, burliest probe for professionals and those traveling in deep snowpacks. Laser-etched depth markings.

Weight	12.3 oz / 350 g
Extended length	130" / 330 cm
Collapsed length	18.5" / 47 cm
Diameter	51" / 1.3 cm

AVALANCHE SHOVELS

DIG HARD. PACK SMALL.

Our bombproof line of shovels was the first in the industry with non-round (oval and rectangular) shafts. Connect that to our heat-treated, neck-less blades, and you will find that BCA has the strongest and most packable shovels you can find.

SHOVEL FEATURE CHART

	B-1 EXT	B-2 EXT	A-2 EXT SAW	B-52 EXT	D2 EXT W/ SAW
Extendable handle	●	●	●	●	●
Converts to hoe mode					●
Saw stowed in shaft			●		●

The weak point of most shovels is where the shaft connects to the blade. This area is where we have put the attention to detail and strength. Our oval shaft and welded construction give our shovels unbeatable strength.

BCA shovel blades lay flat in your pack with no protruding ferrule or “neck,” leaving more room for other backcountry essentials (and luxuries too).

B-1 EXT

Our most popular shovel. Extendable and packable.
Telescopic oval shaft, and unbeatable strength-to-weight ratio. North America's most widely used avalanche shovel. Meets the new UIAA standard for avalanche rescue shovels.

Weight	1.3 lb / 600 g
Blade dimensions	9.8" x 10" / 24.9 cm x 25.4 cm
Collapsed handle & shaft length	16" / 41 cm
Assembled collapsed length	22" / 56 cm
Extended	28.6" / 73 cm

B-2 EXT

Our mid-sized shovel for pros and advanced recreationists.
Larger blade and longer oval shaft than B-1 EXT. The ultimate tool for those as serious about digging and snow safety as we are. Meets the new UIAA standard for avalanche rescue shovels.

Weight	1.6 lb / 720 g
Blade dimensions	10" x 11" / 25.4 cm x 27.9 cm
Collapsed handle & shaft length	16.5" / 42 cm
Assembled collapsed length	24" / 61 cm
Extended	31" / 79 cm

B-52 EXT

Our working shovel for industrial use—and for building jumps. *
Move huge volumes of snow with our largest blade, oval shaft, and big D-grip handle.

* Does not fit in shovel compartment of BCA Float and Stash packs.

Weight	2.1 lb / 960 g
Blade dimensions	11" x 13.3" / 27.9 cm x 33.8 cm
Collapsed handle & shaft length	21" / 53 cm
Assembled collapsed length	30.5" / 77 cm
Extended	40" / 102 cm

D-2 EXT WITH FOLDING SAW

Extricate like a machine.
Bombproof, packable B-2 blade, oval shaft, and T6 heat treatment. Folding saw includes high strength polymer handle and 420 Stainless Steel taper-ground, razor teeth blade. Recommended for carrying on MtnPro Tunnel Bag.

Weight	2.1 lb / 947 g
Blade dimensions	10" x 11" / 25.4 cm x 27.9 cm
Collapsed handle & shaft length	18" / 46 cm
Assembled length extended hoe	24.5" / 62 cm
Assembled length extended shovel	31.9" / 81 cm
Saw blade	7" / 17.8 cm

A-2 EXT WITH SAW

Locked and loaded for safety.
29 cm wood/snow saw stows in its oval shaft. Our A-2 shovel is functional even when the saw is deployed. Meets the new UIAA standard for avalanche rescue shovels.

Weight	1.9 lb / 880 g
Blade dimensions	10" x 11" / 25.4 cm x 27.9 cm
Collapsed handle & shaft length	17" / 43 cm
Assembled collapsed length	25" / 64 cm
Extended	30.5" / 77 cm
Saw blade length	11.5" / 29 cm
Saw total length	16.3" / 41 cm

STASH BACKPACKS

ORGANIZED FOR ADVENTURE.

Our Stash packs are technical and rugged and maintain our key Stash features: zippered back panel access (except on Stash 20); carry options for ice axes, skis, and snowboards; fleece-lined goggle pockets; moisture drain holes, and—most important—freezeproof Stash hydration sleeve in one shoulder strap and BC Link sleeve in the other.

New STASH™ 25 THROTTLE

Our dedicated Stash pack for snowmobiling, designed for aggressive riding. Features external access to BC Link base unit for recharging and channel programming access.

Volume	1,526 cubic inches / 25 liters
Weight	3.2 lb / 1,448 g
Materials	330 denier (main) 420 denier oxford nylon w/ PU coating (high wear areas)
Torso Size	18" - 21" / 45.7 - 53.3 cm
Colors	Orange/Black

STASH™ 20

Our lightest, lowest profile non-sled-specific pack.

Volume	1,220 cubic inches / 20 liters
Weight	2.6 lb / 1,170 g
Materials	210 denier rip-stop nylon 420 denier oxford nylon
Torso Size	17.5" - 19.5" / 44.4 - 49.5 cm
Colors	Graphite, Kingfisher Green

STASH™ 30

Our best-selling, most versatile non-sled-specific pack.

Volume	1,830 cubic inches / 30 liters
Weight	3.3 lb / 1,490 g
Materials	210 denier rip-stop nylon 420 denier oxford nylon
Torso Size	18" - 21" / 45.7 - 53.3 cm
Colors	Black, Crimson

STASH™ 40

Our pro/guiding/diehard non-sled-specific pack for those carrying the full arsenal of gear.

Volume	2,440 cubic inches / 40 liters
Weight	3.6 lb / 1,642 g
Materials	210 denier rip-stop nylon 420 denier oxford nylon
Torso Size	18" - 21" / 45.7 - 53.3 cm
Colors	Red

SNOW STUDY TOOLS

ELEVATE YOUR GAME.

Many avalanche courses require their students to bring their own snow study tools. Ours were designed in conjunction with North America's leading avalanche educators. The more reliable data you collect, the more reliable your decision-making will be.

BCA AMBASSADOR MIKE DUFFY ISOLATES A COLUMN FOR COMPRESSION TESTING, FREMONT PASS, CO. PHOTO: BRUCE EDGERLY

35 CM SAW

Cuts snow, ice and wood. Stainless steel blade. Glass filled nylon injection molded handle. Molded nylon blade cover included. Laser-etched centimeter markings, plus 1 mm and 3 mm grids.

Weight	6.9 oz / 195 g saw only 8.7 oz / 240 g saw with blade cover
Snow blade length	13.8" / 35 cm
Total saw length	19" / 48 cm

ALUMINUM CRYSTAL CARD

Includes snow grain classifications, slope angle map tool, and 1 mm and 3 mm grids for snowpack evaluations.

Dimensions	6" x 4" / 15 cm x 10 cm
------------	-------------------------

2 METER RULER

Folding ruler for measuring snowpack depths and layers.

BCA SNOW STUDY KIT

Durable fabric carrying case with a variety of pockets and slots for our snow study tools.

Includes:	Slope Meter
	Polycarbonate Crystal Card
	Analog Thermometer
	15x Magnifying Loupe
	ECT Cord

SLOPE METER

Measure the slope angle and use the compass for determining slope aspect. Angle range: 0° - 60°

POLYCARBONATE CRYSTAL CARD

Includes metric ruler, 2 mm grid, and beveled edge. Translucent blue and graphic-free section enable improved clarity for grain type classification.

Dimensions	6" x 4" / 15 cm x 10 cm
------------	-------------------------

ANALOG THERMOMETER

Includes sling for hanging from ski tip when taking measurements. Calibratable for maximum precision.

Temperature range	-40°C to 70°C (-40°F to 158°F)
-------------------	-----------------------------------

15X MAGNIFYING LOUPE

More powerful than our previous model, with closed sides for wind protection.

EXTENDED COLUMN TEST CORD

A new addition to our kit, this 2 m cord has knots every 10 inches (25 cm) and two swaged aluminum teeth at the center to cut through snow and crust for extended column tests (ECT). Handles on each end provide grip while sawing.

BACKCOUNTRY DECISION-MAKING GUIDE

This brand new version of the AIARE "blue book" has been redesigned to fit the new Pro/Rec class format in North America. Developed by the American Institute for Avalanche Research and Education (AIARE) to meet the American Avalanche Association (A3) SWAG standards. Printed on water-resistant paper.

BCA URBAN BACKPACKS

Made from leftover Float airbag pack material. Light, durable—and ideal for those unfortunate days when you’re not riding.

SHIFTY

Our basic day pack for school, conferences, festivals, and other casual events.

- Laptop/tablet sleeve fits most 15" laptops
- Stretch-woven side pockets
- Front organizational pocket
- Accessory loop

Volume	1,526 cubic inches / 25 liters
Weight	1.6 lb / 764 g
Materials	210D / 420D nylon
Color	Navy/Black

BACKY

Our rugged, highly water resistant, mid-sized urban pack.

- Laptop/tablet sleeve fits most 15" laptops
- Stretch-woven side pockets
- Two (2) exterior accessory pockets
- Accessory loops
- Compression straps
- Hydration sleeve and port
- Internal mesh accessory pocket

Volume	1,526 cubic inches / 25 liters
Weight	1.8 lb / 856 g
Materials	210D / 420D nylon
Color	Black

360 COMMUTE GRAB

Our most tricked-out urban pack for commuting to work via bus, bike, foot—or even skateboard.

- Laptop/tablet sleeve fits most 15" laptops
- Stretch-woven side pockets
- Front organizational pocket
- Accessory loops
- Compression straps
- Hydration sleeve and port

Volume	1,953 cubic inches / 32 liters
Weight	1.9 lb / 898 g
Materials	210D / 420D nylon
Color	Brick/Black

EDUCATIONAL RESOURCES

EDUCATION + GEAR = SAVED LIVES

At BCA, we see ourselves as educators just as much as manufacturers. That's why you'll see that our website is just as rich in education as in product. On our Learn pages, check out our downloadable instructional videos on the "backcountry basics" and companion rescue. While you're there, peruse our library of published research papers. Learn from our Success Stories page, where we not only feature successful airbag deployments and transceiver searches, but we celebrate everyday decision-making victories (#sendandreturn).

In our six-part "Send and Return" video series, you'll see our athletes setting an example for their peers: riding hard, but only according to the avalanche conditions. All BCA athletes are required to have level 1 avalanche training. In "Send and Return," you'll see them putting that to work by checking the avalanche forecast, performing trailhead and stability tests, and choosing terrain appropriate to the conditions. Look for these on our Videos page.

Now you can use the updated BCA app on any smartphone platform to check the avalanche bulletin, measure slope angle/aspect/elevation, and locate BCA retailers and Float cylinder refill centers. Just search for "BCA Backcountry Access" on your iPhone or Android.

When the goal is to save lives, the product is only part of the equation. Even though we've been making the most reliable and easy-to-use avalanche gear on the planet for over 25 years, we hope you never, ever have to use it—except for practice.

#SENDANDRETURN VIDEOS

See how BCA athletes ride hard in the backcountry—but only according to the avalanche conditions. Role modeling at its finest!

SUCCESS STORIES

Learn from successful Tracker recoveries and Float airbag deployments. And more important, see examples of good decision-making in the field (#sendandreturn stories).

NAVIGATING A WHITEOUT – TIPS FOR SLEDDERS

We've all been there. A snowstorm rolls in, or the wind picks up, and we can't see a thing. Sometimes we sit it out, and it ends soon; other times we wonder when it's going to end. If zero-visibility conditions continue, there are some crucial decisions to be made. Here is a rundown of some skills and tools sledders can use for navigating a whiteout.

BLOG: BCA TODAY

Read up on the latest research, techniques, trip reports, and avalanche-related events.

BCA APP

Check the avy forecast, take field measurements, find local BCA retailers and Float refill and exchange centers.
