

2022-2023

ACCESS FOR ALL

Our new Access For All campaign is geared toward ensuring that more backcountry users have better access this coming winter and beyond. The mission of the BCA Access for All campaign is to promote the growth of healthy backcountry communities by supporting several key "access partners" that support youth avalanche education, diversity, and public lands access. With Access for All, BCA is championing diversity by encouraging more people to experience the joys of the backcountry, no matter their background, ability level, or mode of travel.

We have selected Know Before You Go (KBYG), SOS Outreach, and Advocates for Multi-Use Public Lands (AMPL) as our Access for All campaign partners for the '21-'22 winter season. BCA will provide a combination of cash funding, in-kind donations, scholarships, paid internships, and staff volunteer hours to these organizations.

The Access for All initiative is a natural evolution of the ethos of access on which BCA was founded. When co-founders Bruce Edgerly ("Edge") and Bruce McGowan ("Bruno") first started the brand in 1994, their goal was to produce reliable, easy-to-use gear to access the winter backcountry, with an education program to back it all up. We're expanding that vision to support a wider array of users entering the backcountry for their first time. Please join us in supporting these partners by visiting their websites to see what they're all about.

MTNPRO™

COLLECTION

ARMOR UP.

Designed for high-performance mountain riding, the Float MtnPro Vest airbag pack offers full protection to the chest, ribs, and back—with our Float 2.0 airbag system.

Our MtnPro Tunnel Bag enhances safety and performance by accessibly storing those items you might need in an emergency but that you don’t need on your back.

FLOAT MTNPRO VEST

Gearing up is easy with this all-in-one, lightweight, breathable, protective vest featuring built-in integration with transceiver and BC Link radio. Features compact Float 2.0 inflation system. Dedicated pack compartment carries avalanche gear and a few other essentials. Full front, side and back protection with 1 mm of hard shell sandwiched between two layers of PE foam. Oval “ergo” trigger is less likely to snag on trees than round or T-shaped handles. Float 2.0 air cylinders sold separately.

- Six percent lighter than previous Float MtnPro Vest models
- Mesh material and perforated armor for increased ventilation
- Three sizes available: S, M/L and XL/XXL
- Main compartment has internal tool pocket for shovel and probe
- External shovel carry pocket
- Shovel shaft quick lock attachment
- Zipper access for trigger/BC Link radio or hydration system
- Compression straps
- (Two) large gusseted front pockets
- Accessory pocket
- D-ring loop for attaching kill switch tether

Pack volume	915 cubic inches / 15 liters (S)
	1,220 cubic inches / 20 liters (M/L and XL/XXL)
Weight	7.3 lb / 3,333 g (S full system with full cylinder)
	8.1 lb / 3,652 g (M/L full system with full cylinder)
	8.3 lb / 3,770 g (XL/XXL full system with full cylinder)
	6.1 lb / 2,775 g (S full system without cylinder)
	6.9 lb / 3,094 g (M/L full system without cylinder)
	7.1 lb / 3,212 g (XL/XXL full system without cylinder)
	4.7 lb / 2,113 g (S vest/pack only)
	5.4 lb / 2,432 g (M/L vest/pack only)
	5.6 lb / 2,550 g (XL/XXL vest/pack only)
Sizes	S, M/L, XL/XXL
Torso Size	16.5" - 19.5" / 42 - 50 cm (S)
	17.5" - 20.5" / 44.4 - 52.1 cm (M/L)

Chest Size	32" - 40" / 81 - 102 cm (S)
	38" - 46" / 96.5 - 116.8 cm (M/L)
	46" - 54" / 116.8 - 137.2 cm (XL/XXL)
Colors	Black with neon yellow or red trim
Warranty	3-year limited

MTNPRO TUNNEL BAG

With the MtnPro Tunnel Bag, your extra shovel is accessible and secure—along with all your extra gear for an unexpected night out. This low-profile tunnel bag features an exterior shovel carry, two (2) waterproof internal pockets, and multiple mounting options for most snowmobiles. Compatible with Ski-Doo Linq and Polaris Lock and Ride systems, with no drilling required on tunnels. (Linq and Lock and Ride not included. See your dealer.)

Bag Volume	1,321 cubic inches / 21 liters
Dimensions	15.5" x 15.5" x 5.5" / 39 cm x 39 cm x 14 cm
Weight	3.4 lb / 1,560 g
Zippers	YKK w/ DWR coating
Material	500 denier polyester w/ PU coating
Color	Black
Warranty	3-year limited

FLOAT™

AVALANCHE AIRBAGS

STAY AFLOAT.

Our original Float avalanche airbags were designed to be light, affordable, and easy to use. They have lived up to that since 2010, as the best-selling avalanche airbags in North America.

In 2022, we're making your life even easier. In addition to our Float 2.0 compressed air system, we're offering the new Float E2, our electronic airbag system that's fully rechargeable and approved for airline travel. With the Float E2, it's possible to perform multiple deployments in the field—or in your garage.

We're not advocating getting involved in multiple avalanches—or even one, for that matter. But we've always been advocates of regularly practicing with your equipment. And we're all human. Even us "experts" at BCA have inadvertent deployments once in a while when riding. It's nice to have backup so you don't have to call it a day after a mistake.

FLOAT

E2
PACKS

A NEW WAY TO STAY AFLOAT.

BCA's new Float E2 Turbo airbag packs use an Alpride E2 supercapacitor system to store energy that powers the compressor upon deployment. Supercapacitors store and release energy based on electromechanical properties rather than a chemical reaction like in rechargeable batteries. This makes supercapacitor performance much more reliable in cold temperatures. For the same reason, the energy stored in a supercapacitor releases faster when activated for deployment.

The new E2 system is 40 percent smaller and 25 percent lighter than the existing Alpride E1 system, with a 162-liter airbag. Our E2 Turbo packs' innovative Back Stash zip makes it a cinch to route your BC Link radio and/or hydration system from the shoulder straps into the main compartment without opening the airbag compartment.

The Side Stash pocket and curved side zip enable you to access gear without removing the pack. After all, it's safety equipment; why take it off if you don't have to?

FLOAT

E2
PACKS

A NEW WAY TO STAY AFLOAT.

FLOAT

E2-25
TURBO

New

Our dedicated sled-specific Float E2 pack, the E2-25 Turbo offers multiple options for external shovel carry, as well as an insulated internal electronics pocket. Includes all our standard Float E2 features: waterproof coated nylon, Side Stash pocket, Back Stash zip, internal shovel/probe carry system, curved side access zip, hip belt pocket, and "cooling fin" backpanel ventilation. Available in two sizes: S/M or L/XL.

25L S/M	
Pack Volume	1,281cubic inches / 21 liters (with system)
Weight	6.20 lb / 2,812 g (with E2 system)
	3.70 lb / 1,678 g (without E2 system)
Materials	PU Coated Nylon 420d Ripstop
	PU Coated Nylon 210d Double Ripstop
	Lining -100d Robic Dynatec WR Pux2
Zippers	YKK with DWR coating
Torso Size	15" - 18" / 38.1 - 45.7 cm
Color	Tan, Black

25L L/XL	
Pack Volume	1,525 cubic inches / 25 liters (with system)
Weight	6.26 lb / 2,839 g (with E2 system)
	3.75 lb / 1,700 g (without E2 system)
Materials	PU Coated Nylon 420d Ripstop
	PU Coated Nylon 210d Double Ripstop
	Lining -100d Robic Dynatec WR Pux2
Zippers	YKK with DWR coating
Torso Size	17" - 21" / 43.1 - 53.3 cm
Color	Tan, Black

AA BATTERIES FOR ADDITIONAL DEPLOYMENTS.

In addition to the supercapacitor storage, you can install two AA batteries to allow for additional deployments in the field. The batteries also help keep the supercapacitors at full charge when not in use.

- AA alkaline batteries allow for one additional deployment and is capable of keeping the system charged for up to three months of normal use.
- AA lithium batteries allow for three additional deployments and is capable of keeping the system charged for up to five months of normal use.

See the Float E2 user manual for more information.

FLOAT

E2-35

New

Our full-fledged E2 airbag pack for all snowsports, featuring our waterproof coated nylon, Side Stash pocket, Back Stash zip, curved side access zip, removable ski/snowboard/compression straps, hip belt pocket, "cooling fin" backpanel ventilation, and dedicated safety tools pocket. Available in two sizes: S/M or M/L.

FLOAT E2 35L S/M	
Pack Volume	1,891 cubic inches / 31 liters (with system)
Weight	6.157 lb / 2,792 g (with E2 system)
	3.642 lb / 1,651 g (without E2 system)
Materials	PU Coated Nylon 420d Ripstop
	PU Coated Nylon 210d Double Ripstop

FLOAT E2 25L M/L	
Pack Volume	1,525 cubic inches / 25 liters (with system)
Weight	5.971 lb / 2,708 g (with E2 system)
	3.642 lb / 1,651 g (without E2 system)
Materials	PU Coated Nylon 420d Ripstop
	PU Coated Nylon 210d Double Ripstop
	Lining -100d Robic Dynatec WR Pux2
Zippers	YKK with DWR coating
Torso Size	17" - 21" / 43.1 - 53.3 cm
Color	Tan, Moss Green, Black
Warranty	3-year limited

FLOAT™ 2.0 PACKS

LIGHT, AFFORDABLE, EASY TO REFILL.

FLOAT 15 TURBO

OUR LOW VOLUME TECHNICAL 2.0 PACK FOR MOUNTAIN SLEDDING.

Pack Volume	915 cubic inches / 15 liters (with system)
Weight	6.0 lb / 2,756 g (full system with full cylinder)
	4.8 lb / 2,198 g (full system without cylinder)
	3.4 lb / 1,563 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 19.5" / 44.4 - 49.5 cm
Color	Black/Red/Lime
Warranty	3-year limited

BC Link radio pocket w/ external access to base unit for recharging and channel programming.

FLOAT 25 TURBO

OUR MOST TECHNICAL SLED 2.0 AIRBAG PACK WITH MORE VOLUME.

Pack Volume	1,525 cubic inches / 25 liters (with system)
Weight	6.4 lb / 2,918 g (full system with full cylinder)
	5.2 lb / 2,360 g (full system without cylinder)
	3.7 lb / 1,698 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 20.5" / 44.4 - 52.1 cm
Color	Grey/Black/Orange
Warranty	3-year limited

BC Link radio pocket w/ external access to base unit for recharging and channel programming.

FLOAT 12

OUR LOW-PROFILE 2.0 PACK FOR THE MINIMALIST. IDEAL WHEN USED WITH A TUNNEL BAG. OPTIMIZED FOR SMALL-TO-MEDIUM TORSOS.

Pack Volume	732 cubic inches / 12 liters (with system)
Weight	6.0 lb / 2,700 g (full system with full cylinder)
	4.7 lb / 2,142 g (full system without cylinder)
	3.3 lb / 1,480 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 19.5" / 44.4 - 49.5 cm
Color	Black/Red
Warranty	3-year limited

FLOAT 22

OUR MEDIUM-SIZED FLOAT 2.0 AIRBAG PACK FOR CLOSE-IN MOUNTAIN RIDING.

Pack Volume	1,342 cubic inches / 22 liters (with system)
Weight	6.1 lb / 2,780 g (full system with full cylinder)
	4.9 lb / 2,222 g (full system without cylinder)
	3.4 lb / 1,560 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17" - 20" / 43.1 - 50.8 cm
Color	Black/Orange, Lime
Warranty	3-year limited

FLOAT 32

OUR FULL-FEATURED PACK FOR DEDICATED BACKCOUNTRY JUNKIES CARRYING ALL THE ESSENTIALS.

Pack Volume	1,952 cubic inches / 32 liters (with system)
Weight	6.4 lb / 2,942 g (full system with full cylinder)
	5.2 lb / 2,366 g (full system without cylinder)
	3.8 lb / 1,704 g (pack only)
Materials	330 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	17.5" - 20.5" / 44.4 - 52.1 cm
Color	Black/Lime, Red
Warranty	3-year limited

FLOAT 42

FOR PROS, GUIDES, SEARCH-AND-RESCUE, AND THOSE PREPARED FOR LONG DAYS OR OVERNIGHTS.

Pack Volume	2,563 cubic inches / 42 liters (with system)
Weight	7.1 lb / 3,215 g (full system with full cylinder)
	5.9 lb / 2,658 g (full system without cylinder)
	4.4 lb / 1,998 g (pack only)
Materials	210 denier mini ripstop nylon w/ PU coating (main)
	420 denier oxford nylon w/ PU coating (high wear areas)
	200 denier polyester (lining)
Zippers	YKK w/ DWR coating
Torso Size	18" - 21" / 45.7 - 53.3 cm
Color	Black/Red
Warranty	3-year limited

FLOAT 2.0 AIR CYLINDER

The refillable Float compressed air cylinder is the power and driving force behind our Float system. When the Float trigger is pulled, it activates the release of 3,000 psi (207 bar) of compressed air, inflating the airbag. Always make sure your cylinder is full and connected correctly before heading out. Can be purchased full or empty. **Only compatible with Float 2.0 systems. Sold separately.**

Weight	1.3 lb / 594 g (full cylinder)
	1.2 lb / 500 g (empty cylinder)
Certifications	DOT, TC, and TUV certified

CONSUMER REFILL KIT

Additional kit. Comes standard with each Float cylinder purchase.

- Includes:
- 5/32 Allen wrench
 - Toothpick
 - 5 small O-rings
 - 2 valve-to-tank O-rings
 - High-vacuum grease

REFILL CENTER STOCK KIT

- Includes:
- 100 small O-rings
 - 100 refill stickers
 - 10 valve-to-tank O-rings
 - Container of high-vacuum grease

TRACKER™

AVALANCHE TRANSCEIVERS

**SIMPLICITY IS FAST.
PRACTICE IS FASTER.**

Saving lives is what we do best. We invented the digital multi-antenna avalanche transceiver, and now we're making them even more durable than ever before. Our Tracker avalanche transceivers are the most widely used in North America—with a reputation worldwide as the industry benchmark in ease-of-use and simplicity. Tracker4 upholds the Tracker tradition with an ergonomic, bombproof case, and big new display for workhorses tough on their gear.

TRACKER FEATURES CHART

TRACKER4

BCA'S WORKHORSE BEACON

Tracker avalanche transceivers have long been the fastest, easiest-to-use beacons in the industry. T4 just took it up a notch, with a rubberized overmolded case, larger LED display and the same Tracker interface that make it virtually impossible not to find your companion. Signal suppression and Big Picture modes for no-nonsense, multiple-victim searching. Motion-sensing auto revert-to-transmit mode. USB-C port for downloadable software updates. All transceivers include a harness and batteries. U.S. patent numbers: 6,167,249 & 6,484,021, B.

Weight	7.6 oz / 215 g including batteries, not harness
Dimensions	4.7" x 3.0" x 1.0" / 12 cm x 7.5 cm x 2.6 cm
Frequency	457 kHz
Power supply	Three AAA alkaline batteries
Warranty	5-year limited

TRACKER3+

TRACKER'S LEGENDARY EASE-OF-USE IN A SMALLER PACKAGE.

The Tracker3+ has Tracker's renowned ease of use and instantaneous real-time display. Designed to be "pocket friendly," The T3+ is our smallest, thinnest Tracker. Signal suppression and Big Picture modes for no-nonsense, multiple-victim searching. Motion-sensing auto revert-to-transmit mode. Mini USB port for downloadable software updates. All transceivers include a harness and batteries. U.S. patent numbers: 6,167,249 & 6,484,021, B.

Weight	7.6 oz / 215 g including batteries, not harness
Dimensions	4.6" x 2.8" x 0.9" / 11.6 cm x 7.1 cm x 2.3 cm
Frequency	457 kHz
Power supply	Three AAA alkaline batteries
Warranty	5-year limited

TRACKER S

OUR STREAMLINED, MORE AFFORDABLE VERSION OF TRACKER3+.

The Tracker S features all the performance of T3+ and T4, without the luxuries of motion-sensing and updatable software. All transceivers include a harness and batteries. U.S. patent numbers: 6,167,249 & 6,484,021, B.

Weight	7.2 oz / 205 g including batteries, not harness
Dimensions	4.5" x 2.8" x 1.0" / 11.5 cm x 7.1 cm x 2.6 cm
Frequency	457 kHz
Power supply	Three AAA alkaline batteries
Warranty	5-year limited

TRACKER PACKAGES

Bundling the essentials makes it a slam-dunk to gear up for your first trip in the backcountry. Package pricing.

T4 RESCUE PACKAGE

Our high-end rescue package for all backcountry riders. Includes: Tracker4, Stealth 300 probe, Dozer 1T shovel.

T S RESCUE PACKAGE

Make your dollars go farther, with our streamlined value package. Includes: Tracker S, Stealth 270 probe, Dozer 1T shovel.

T4 TURBO RESCUE PACKAGE

Our high-end rescue package for serious sledheads. Includes: Tracker 4, Stealth 300 probe, Dozer 2H-S shovel.

BC Link™

GROUP COMMUNICATION NEVER ALONE.

Maximize your line—and maximize your safety. Find separated friends, communicate plans, stick your line, and share observations in real-time with the BC Link group communication system. The Smart Mic user interface is located at your fingertips—no need to change settings, no need to dig the radio from your pack. The battery lasts for several days without recharging, even in cold temps.

BC LINK 2.0

More durable, more weather resistant, and more style. Smart Mic grill is impervious to packing with snow. On/off/channel selection dial switch is protected from inadvertent channel changing. Stylish industrial design!

- Durable cord/base unit connection
- New battery power percentage display
- New factory reset option on channel pre-sets
- Maximum battery life: up to 40 hours in standby mode
- Average battery life: 8 hours of normal use
- Integrated 2300 mAh lithium ion battery, plus charger

Smart Mic dimensions	3.5" x 2.1" x 1.5" / 9.0 cm x 5.4 cm x 4.0 cm
Base unit dimensions	6.3" x 2.2" x 1.4" / 16 cm x 5.6 cm x 3.5 cm
Weight	11.0 oz / 312 g
Usable range	Approx. 6 miles / 9.5 km line of sight *
Maximum range	Up to 40 miles / 64 km line of sight *
Color	Black
Smart Mic Includes:	Push-to-talk button
	Channel control
	Loudspeaker
	Battery indicator
	Earphone jack
Warranty	3-year limited

BC LINK

Our wildly popular, nearly hands-free group communication system designed specifically for backcountry recreation in cold temps. For use with all backpacks, optimized for BCA Float and Stash packs. Extra batteries sold separately. Camo available in North America only.

- Maximum battery life: up to 40 hours in standby mode
- Average battery life: 8 hours of normal use
- Rechargeable/removable 2200 mAh lithium ion battery, plus charger
- Base unit can be clipped to belt or stashed inside backpack

Smart Mic dimensions	3.3" x 1.8" x 1.0" / 8.0 cm x 4.5 cm x 4.0 cm
Base unit dimensions	6.0" x 2.5" x 2.0" / 15 cm x 6.0 cm x 5.0 cm
Weight	12.0 oz / 340 g
Usable range	Approx. 6 miles / 9.5 km line of sight *
Maximum range	Up to 32 miles / 51 km line of sight *
Color	Black, Camo
Smart Mic Includes:	Push-to-talk button
	Channel control
	Loudspeaker
	Battery indicator
	Earphone jack
Warranty	3-year limited

*Camo color only available in North America

*Actual range is highly dependent on presence of obstacles, particularly ridges and large outcrops.

STEALTH

AVALANCHE PROBES

EVERY SECOND COUNTS.

BCA's updated probes feature dual-sized depth markings that are easy to see when you're performing a rescue or logging a snow profile. Pro-level aluminum models are laser-etched to prevent wear. Our Stealth Quick-Lock hardware creates a smaller bundle when folded up and eliminates loose cables that can whip you in the face when you're furiously probing.

Key depths are highlighted in orange: 1.5 m (for coarse probing), 2.5 m (for fine probing), and the bottom section (to alert shovelers that they're getting close).

BCA Stealth probes create a tight bundle when disassembled. Tapered joints enable fast reassembly.

Depth measurements are in two sizes: 5 cm increments on one side (for rescue) and 1 cm increments on the other side (for snow study).

STEALTH 240

Compact, lightweight and economical.

Weight	8.8 oz / 250 g
Extended length	94" / 240 cm
Collapsed length	15.7" / 40 cm
Diameter	0.43" / 1.1 cm
Warranty	3-year limited

STEALTH 240 CARBON

The ideal minimalist and lightweight probe.

Weight	7.6 oz / 215 g
Extended length	94" / 240 cm
Collapsed length	15.7" / 40 cm
Diameter	0.43" / 1.1 cm
Warranty	3-year limited

STEALTH 270

Our mainstream probe for recreationists.

Weight	10.4 oz / 295 g
Extended length	106" / 270 cm
Collapsed length	17.7" / 45 cm
Diameter	0.47" / 1.2 cm
Warranty	3-year limited

STEALTH 300

Our go-to probe for professionals and advanced recreationists. Laser-etched depth markings. Shorter collapsed length now fits in more packs.

Weight	11.6 oz / 330 g
Extended length	118" / 300 cm
Collapsed length	17.0" / 43 cm
Diameter	0.47" / 1.2 cm
Warranty	3-year limited

STEALTH 300 CARBON

Long enough for deep snowpacks, but lighter than aluminum.

Weight	10.2 oz / 290 g
Extended length	118" / 300 cm
Collapsed length	17.0" / 43 cm
Diameter	0.51" / 1.3 cm
Warranty	3-year limited

STEALTH 330

Our longest, burliest probe for professionals and those traveling in deep snowpacks. Laser-etched depth markings.

Weight	12.3 oz / 350 g
Extended length	130" / 330 cm
Collapsed length	18.5" / 47 cm
Diameter	0.51" / 1.3 cm
Warranty	3-year limited

DOZER™ SHOVELS

DIG LIKE A MACHINE.

Our new ovo-concave shaft, low-profile stompable blades, and wide range of cored-out handles make BCA shovels stronger, lighter, and more packable than ever before. This new line is inspired by our legendary D-2 EXT “Dozer” shovel. It’s so popular among our core followers, we’ve named our entire new line after it!

BCA was the first to create an avalanche shovel with a non-round shaft to prevent breakage while prying. We’ve taken our groundbreaking oval design and added a concave radius on both sides to make it even stronger, without adding weight. Like a high-end lacrosse stick, this shape also enables better grip in the palm, reducing slippage while shoveling. All BCA extendable models are designed to meet the UIAA standard for avalanche rescue shovels.

In hard-slab avalanches and deep burials, avalanche debris can be difficult to penetrate. With our flat “stomp edge” on the top of the blade—and heat-treated 6061 aluminum—you can penetrate just about anything, just like you can with a gardening spade.

BCA shovel blades lay flat in your pack with no protruding ferrule or “neck,” leaving more room for other backcountry essentials (and luxuries too!). The front third of all blades offers a smooth surface for clean snowpit walls during snow stability tests.

The 2H-S saw can be mounted like a bayonet on the shaft to reach those hard-to-get tree limbs.

Auto-engaging spring pins enable quick mode changes between traditional and hoe mode.

Our 2T-S and 2H-S models come with an integrated saw stowed in the shaft.

The 2T-S saw is accessed directly from the shovel handle, for quick deployment without disassembling the shovel.

DOZER 1T

OUR MOST POPULAR SIZE: MADE FOR THE MASSES.
The updated version of our former B-1 EXT, North America's best-selling avalanche shovel. T-grip handle.

Weight	1.2 lb / 545 g
Blade dimensions	9" x 10.5" / 23 cm x 27 cm
Handle & shaft compressed length	15.25" / 38.7 cm
Handle & shaft extended length	23.25" / 59 cm
Assembled compressed length	22.25" / 57 cm
Assembled extended length	30" / 76 cm
Colors	Blue
Warranty	3-year limited

DOZER 2T

OUR MID-SIZED SHOVEL FOR PROS AND ADVANCED RECREATIONISTS.
Larger blade and longer extended length than the 1T. For those as serious about digging and snow safety as we are. T-grip handle.

Weight	1.5 lb / 680 g
Blade dimensions	9.75" x 11.5" / 25 cm x 29 cm
Handle & shaft compressed length	15.25" / 38.7 cm
Handle & shaft extended length	23.25" / 59 cm
Assembled compressed length	23.25" / 59 cm
Assembled extended length	31.25" / 79 cm
Warranty	3-year limited

DOZER 1T-UL

OUR LIGHTEST SHOVEL, FOR THE WEIGHT-CONSCIOUS CROWD.
Cored-out blade and thinner-walled 7075 aluminum make this the lightest digging machine in our fleet. T-grip handle.

Weight	0.96 lb / 435 g
Blade dimensions	9" x 10.5" / 23 cm x 27 cm
Handle & shaft compressed length	15.25" / 38.7 cm
Handle & shaft extended length	23.25" / 59 cm
Assembled compressed length	22.25" / 57 cm
Assembled extended length	30" / 76 cm
Color	Green
Warranty	3-year limited

DOZER 2D

OUR MID-SIZED SHOVEL WITH D-GRIP.
Same geometry as the 2T, but with D-grip for more control and comfort, especially for those wearing mittens. D-grip handle.

Weight	1.56 lb / 705 g
Blade dimensions	9.75" x 11.5" / 25 cm x 29 cm
Handle & shaft compressed length	15.75" / 40 cm
Handle & shaft extended length	23.25" / 59 cm
Assembled compressed length	24" / 61 cm
Assembled extended length	31.25" / 79 cm
Warranty	3-year limited

LEGEND

1/2/3	Blade size small/medium/large
T	T - Grip handle
D	D - Grip handle
H	Hoe mode capability
UL	Ultralight

DOZER 2H

THE GRANDDADDY OF OUR SHOVEL LINE, WITH HOE MODE.
The updated version of our original Dozer. Hoe mode provides added efficiency when "paddling" chunks of debris without lifting. T-grip handle.

Weight	1.69 lb / 765 g
Blade dimensions	9.75" x 11.5" / 25 cm x 29 cm
Handle & shaft compressed length	15.25" / 38.7 cm
Handle & shaft extended length	23.5" / 60 cm
Assembled compressed length	23.5" / 60 cm
Assembled extended length	31.5" / 80 cm
Colors	Orange
Warranty	3-year limited

DOZER 2T-S

LOCKED AND LOADED FOR EASY DEPLOYMENT.
BCA's avalanche shovel system with mid-size blade and integrated quick-deploy wood saw. Shovel remains assembled and operational when the saw is deployed. T-grip handle.

Weight	1.9 lb / 868 g
Blade dimensions	10" x 11" / 25 cm x 29 cm
Collapsed handle & shaft length	17.5" / 44 cm
Assembled collapsed length	25.75" / 65 cm
Assembled extended length	34.25" / 87 cm
Saw blade length	9" / 23 cm
Saw total length	14" / 36 cm
Warranty	3-year limited

DOZER 3D

OUR WORKING SHOVEL FOR INDUSTRIAL USE--AND FOR BUILDING HUGE KICKERS.*
Move huge volumes of snow with our largest blade. D-grip handle.
* Does not fit in shovel compartment of BCA Float and Stash packs.

Weight	1.94 lb / 880 g
Blade dimensions	11" x 13.3" / 28 cm x 34 cm
Handle & shaft compressed length	15.75" / 40 cm
Handle & shaft extended length	23.25" / 59 cm
Assembled compressed length	24.75" / 63 cm
Assembled extended length	32" / 81 cm
Warranty	3-year limited

DOZER 2H-S

THE ULTIMATE TOOL FOR STRATEGIC SHOVELING AND DIGGING OUT STUCK SNOWMOBILES.
The Dozer 2H-S features a mid-size blade, hoe mode, and bayonet-style wood saw. Attaches to the shovel shaft for maximum reach. T-grip handle.

Weight	1.98 lb / 896 g
Blade dimensions	10" x 11" / 25 cm x 29 cm
Collapsed handle & shaft length	18.25" / 46 cm
Assembled collapsed length	24.5" / 62 cm
Assembled extended length	31.5" / 80 cm
Saw blade length	9" / 23 cm
Saw total length	14.5" / 37 cm
Warranty	3-year limited

STASH™ BACKPACKS

ORGANIZED FOR ADVENTURE.

Our rugged Stash packs maintain our key Stash features: zippered back panel access (except Stash 20); carry options for shovels, probes, and extra gear; fleece-lined goggle pockets, drain holes; and—most important—freeze-resistant Stash hydration sleeve in one shoulder strap and BC Link ratio sleeve in the other. Now in colors to match our new line of Float E2 airbag packs.

STASH 25 THROTTLE New

Our dedicated Stash pack for snowmobiling, designed for aggressive riding. Features external (and internal) shovel carry system, external fleece-lined goggle pocket, and external access to BC Link base unit for recharging and channel reprogramming.

Volume	1,526 cubic inches / 25 liters
Weight	3.2 lb / 1,448 g
Materials	210 denier ladder nylon w/ PU coating (main) 420 denier nylon w/ PU coating (high wear areas)
Torso Size	18" - 21" / 45.7 - 53.3 cm
Colors	Tan, Black
Warranty	3-year limited

BC Link radio pocket w/ external access to base unit for recharging and channel programming.

STASH 20 New

Our lightest, lowest profile Stash pack.

Volume	1,220 cubic inches / 20 liters
Weight	2.6 lb / 1,170 g
Materials	210 denier rip-stop nylon 420 denier oxford nylon
Torso Size	17.5" - 19.5" / 44.4 - 49.5 cm
Colors	Tan, Moss Green, Black
Warranty	3-year limited

STASH 30 New

Our best-selling, most versatile Stash pack.

Volume	1,830 cubic inches / 30 liters
Weight	3.3 lb / 1,490 g
Materials	210 denier rip-stop nylon 420 denier oxford nylon
Torso Size	18" - 21" / 45.7 - 53.3 cm
Colors	Tan, Moss Green, Black
Warranty	3-year limited

STASH 40 New

Our pro/guiding/diehard Stash pack for those carrying the full arsenal of gear.

Volume	2,440 cubic inches / 40 liters
Weight	3.6 lb / 1,642 g
Materials	210 denier rip-stop nylon 420 denier oxford nylon
Torso Size	18" - 21" / 45.7 - 53.3 cm
Colors	Brick, Black
Warranty	3-year limited

SNOW STUDY TOOLS

ELEVATE YOUR GAME.

Many avalanche courses require their students to bring their own snow study tools. We designed ours in conjunction with North America’s leading avalanche educators. The more reliable data you collect, the more reliable your decision-making will be.

BCA GUIDE AMBASSADOR JOEY THOMPSON IDENTIFIES WEAK LAYERS IN A TOUCHY COLORADO SNOWPACK. PHOTO: EDGE.

AIARE BACKCOUNTRY DECISION-MAKING GUIDE

This brand new version of the AIARE “blue book” has been redesigned to fit the new Pro/Rec class format in North America. Developed by the American Institute for Avalanche Research and Education (AIARE) to meet the American Avalanche Association (A3) SWAG standards. Printed on water-resistant paper.

2 METER RULER

Folding fiberglass ruler for measuring snowpack depths and layers.

ALUMINUM CRYSTAL CARD

Includes snow grain classifications, slope angle map tool, and 1 mm and 3 mm grids for snowpack evaluations.

Dimensions	6" x 4" / 15 cm x 10 cm
------------	-------------------------

35 CM SAW

Cuts snow, ice and wood. Stainless steel blade. Glass filled nylon injection molded handle. Laser-etched centimeter markings, plus 1 mm and 3 mm grids. Molded nylon blade cover included.

Weight	6.9 oz / 195 g saw only 8.7 oz / 240 g saw with blade cover
Saw blade length	13.8" / 35 cm
Total saw length	19" / 48 cm

SNOW STUDY KIT

Durable fabric carrying case with a variety of pockets and slots for our snow study tools.

Includes:	Slope Meter
	Polycarbonate Crystal Card
	Analog Thermometer
	Extended Column Test (ECT) Cord
	15x Magnifying Loupe

ANALOG THERMOMETER

Includes sling for hanging from ski tip when taking measurements. Calibratable for maximum precision.

Temperature range	-40 °C to 70 °C (-40 °F to 158 °F)
-------------------	---------------------------------------

SLOPE METER New

Redesigned for high durability and greater versatility. Includes concave bottom for dual use as ski scraper and inclinometer. Angle range: 0° - 60°.

POLYCARBONATE CRYSTAL CARD

Includes metric ruler, 2 mm grid, and beveled edge. Translucent blue and graphic-free section enable improved clarity for grain type classification.

Dimensions	6" x 4" / 15 cm x 10 cm
------------	-------------------------

EXTENDED COLUMN TEST CORD

A new addition to our kit, this 2 m cord has knots every 10 inches (25 cm) and two swaged aluminum teeth at the center to cut through snow and crust for extended column tests (ECT). Handles on each end provide grip while sawing.

15X MAGNIFYING LOUPE

More powerful than our previous model, with closed sides for wind protection.

EDUCATIONAL RESOURCES

EDUCATION + GEAR = SAVED LIVES

At BCA, we see ourselves as educators just as much as manufacturers. That's why you'll see that our website is just as rich in education as in product. Check out our LEARN pages on our website for our instructional videos on avalanche avoidance "the backcountry basics," companion rescue, and how to use our products. Our marketing slogan is "Simplicity is Fast. Practice is Faster." But that's not just marketing. We've set up hundreds of beacon checkers and beacon training parks at trailheads worldwide to make it easier for you to check and practice with your gear.

Our website Store Locator includes a complete listing of our beacon training parks, as well as all our retailers, Float cylinder refill and exchange centers, and snowmobile dealers.

When the goal is to save lives, gear is only part of the equation. Even though we've been making the most reliable and easy-to-use avalanche gear on the planet for over 25 years, we hope you never, ever have to use it—except for practice.
