Description

The most high-tech boot on the planet. Sustainability and performance are top of mind when it comes to the Torrent. This boot features a plant-based heel counter and toe cap, Sugarcane based EVA midsole, Michelin® Hybrid Rubber Outsole, and Black Gold™ Bamboo Charcoal lining mesh with natural antimicrobial properties. All of this pulls together to make the Torrent, the leading eco-conscious boot on the market. Torrent also features our liner integrated Tongue Tied™ Hybrid Harness, where our liner lace pull closes our liner harness and Tongue Tied™ system assuring an optimal fit. For the rider who wants ultimate performance in the most stylish of packages.

Description

Fitted with our Intuition™ Trap Wrap Liner and the Tongue Tied™ Hybrid Harness system combined with The Closer™. Tongue Tied™ delivers a secure micro-adjustable fit in the ankle and eliminates the need for a traditional harness while fiber Reinforced Flex Slime Tongue™ provides rebound and damping. The Michelin® Traverse Outsole ensures that your boot won't slip around while strapped in or walking from your car to the lift in an icy parking lot. The Trident features a triple BOA® Fit System and a stiff flex for response and all-mountain performance for the rider who demands more from their footwear.

Description

The '92 is a classic, timeless boot rooted in RIDE's heritage as one of the world's most influential brands. Fitted with our Intuition™ Mobile Wrap Liner and the H4 BOA® Tongue Tied™ Focus Fit System, which provides a two-zone precise fit system for ultimate heel hold. Tongue Tied™ delivers a secure fit in the ankle and eliminates the need for a traditional harness. Flex Slime Tongue™ provides improved rebound and damping while driving flex to the articulation zone. Michelin® Fiberlite Sole combines rubber with a Eco +Slime Midsole for traction and cushioning. The '92 is suited for high-end freestyle riding and designed to maintain a freestyle flex.

Description

A Ride team favorite is packed with technology to form the boot to your foot and give you maximum comfort while lapping
There's a reason that the Fuse is a unanimous team-favorite year after year, and that's because it's fitted with our Intuition™ Mobile Trap Wrap Liner and it offers the options of a traditional lace coupled with the Tongue Tied™ Hybrid Harness for supreme comfort and hold. A Flex Slime Tongue™ provides rebound and damping to ease out any chop or bumps you may be riding and lets you focus on form with less distractions. The injected TPU Toe Cap reduces boot profile increases durability and the Michelin® Hybrid Fiberlite Sole combines recycled premium rubber with a Eco +Slime Midsole for traction and cushioning. The Fuse is a stiffer flexing freestyle boot that riders of all ability levels will love.

Durable, lightweight, tech and responsive. The A-10 is a high-performance machine designed to level up your riding

Color(s)

Black, Ecu

Feel

5

Description

The Stock is a softer flexing boot that's designed with simplicity in mind. Packed with features that improve performance, but without any gimmicks or marketing talk. This is just a straight up good fitting, good riding lace boot. We've got a fully heat moldable Intuition liner, as well as rubber outsole pods for durability. The Stock has also got a full traditional lace system, which is great because you can fine-tune the fit with the laces. Plus, let's be honest, they're just good. With that traditional lace we also put 3 metal lace hooks on the upper, allowing you to tighten the boots to your preference. Flex Lite 2.0 with +Slime Midsole delivers impact absorption, stability, and traction. The Stock is a soft flexing boot for the freestyle focused rider that prefers classic simplicity over technology.
